Bassem Farrag

Video Editor

Skills

Video Editing

Proficient in all stages of video production, including editing, color correction, audio mixing, and post-production effects.

Project Management

Managing video projects from concept to delivery, ensuring timely completion and high-quality results.

Communication

Effective in conveying design ideas and incorporating feedback smoothly.

Objective

A creative and detail-oriented Video Editor with a strong foundation in visual storytelling. I specialize in producing engaging video content and possess expertise in Adobe Premiere Pro. My aim is to enhance brand messaging and audience engagement through compelling video solutions.

Experience

Smart Entry - KSA **Current**
Video Editor

Created promotional video content for social media platforms to market the company's hotel apartment booking services, increasing audience engagement and brand visibility.

Konoha Lot 2025 - 2024
Video Editor

Focused on video content creation for social media, alongside visual assets. Responsibilities included video editing, motion graphics, and collaborating on social media visuals and apparel designs for an anime-focused e-commerce store.

Everest Agency 2023 - 2021
Video Editor

Produced video edits for property listings, created motion graphics, and designed social media graphics to enhance brand presence.
